Subject: Lane Plating CAG Info: Prep for 11/18/19 Meeting
Attachments: CAG site update 9-26-19.pptx; Draft- Lane Plating Phase 1 DSTM Rev 01_12Nov19.pdf; Lane Plating Mailing List as of 07-12-19.xls; Lane Plating CAG Attendance 11-8-19.pdf

Good afternoon,

Please see the attached EPA deliverables that were asked for during last week's meeting. The first attachment is the presentation from our first meeting on 9/26/19. The second is the draft Phase 1 Sampling results discussed. Please **do not** share outside of the CAG as this document is not yet final. We will have the document in it's final form available for our 11/18/19, and will give a presentation as requested. The third attachment is the mailing list. For privacy issues, names and other information are deleted, and this only includes addresses. The additions that Highland Hills Community Action Committee requested to be added are close to the bottom of the list. The fourth attachment is the meeting attendance list.

Please let me know if you have any questions. Also, as per our conversations during the meeting, a wealth of information about the site is located here:

Ed Mekeel III
Senior Community Involvement Coordinator

Subject: Lane Plating RI Phase One Data Report

Ed,

The Draft Lane Plating Phase One data report is attached. Please share with members of the CAG. Let them know this is still considered a draft version that is not for release to the public until the CAG and other stakeholders have had a chance to review the document. I can go to the CAG meeting on the 18th to discuss the report. My presentation from the 9/26/19 CAG meeting is also attached. Let me know if there are any other issues from the CAG meeting that I need to address.

Kenneth Shewmake
